

Srikanth Rajagopalan, President, Perfios Software Solutions Pvt. Ltd.

Srikanth has [over twenty years of experience across industries](#) – starting with FMCG and Consumer Durables before moving to financial services.

Srikanth was instrumental in setting up Amex' cards and merchant business in India, as well as an m-commerce startup that didn't survive the Lehman crisis. Subsequently, Srikanth worked with Nokia, Amex and Amazon, setting up mobile & digital payments, and cloud computing businesses in the financial sector.

At Perfios, Srikanth's charter is to drive our growth by deepening customer relationships, developing new business lines, and expanding to new geographies such as LatAm and the EU.

Srikanth enjoys entrepreneurial environments, working with people smarter than himself, and using technology to solve hard problems for customers.
