Nimesh Mehta,
Founder and CEO
Rockmetric

Profile

Nimesh is the the Founder and CEO at Rockmetric. Rockmetric has developed a cognitive data analyst with natural language search. Rockmetric works large global banks to help transformational business leaders get easy and instant access to sophisticated automated analysis/ insights.

Before founding Rockmetric, Nimesh set-up and led the research at the Centre for Emerging Markets Solutions at the Indian School of Business. His cell received a research grant of USD 2 Mn to develop innovative technology and financial interventions to catalyse the market for skill development and employment in India.

Nimesh has consulted with organisations like The World Bank and National Skills Development Corporation. He was instrumental in setting-up a credit default guarantee fund for banks to kick-start a skill development loans market in India. A Credit Guarantee Fund Scheme for Skill Development (CGFSD) was approved by the Union Cabinet in 2012-13.

Nimesh started his career as a management consultant with Deloitte in India. He advised large corporations and Government in area such as business feasibility, market strategy and impact assessment for multi-billion dollar infrastructure projects and schemes.

Nimesh has an MBA from the Indian School of Business. He has also completed his Masters in Commerce and Bachelors in Management Studies from Mumbai University.
